

# LEVEL CONTROL

## Technical datasheet

**Technical datasheet No :** LOREM IPSUM DOLOR SIT  
**Product code :** 308 150

# LEVEL GAUGE FOR 60L / 200L / 220L JERRYCANS & DRUMS

**Date :** 11/2025  
**Version :** Original

**Page :** 1/1

### Designation

Universal mechanical float level gauge with a graduated dial indicating the volume in liters for standard 60L / 200L / 220L jerrycans and drums.

### Application

Intended for use with liquid fluids such as heating oil, diesel, antifreeze, coolant, windshield washer fluid, fluid oils up to SAE 50, water, oil-water mixtures, AdBlue®, and fluids with a density > 0.7 kg/cm<sup>3</sup>

### + Product

- Suitable for standard 60L / 200L / 220L jerrycans and drums
- Quick and easy installation
- Economical product

### Technical Specifications

- Operating temperature : 0°C to + 40°C
- Connection : 3/4"
- Screen dimensions : H 153 x W 106 x D 46 mm
- Mounting position : vertical
- Float material : HDPE (white)

### Warranty

12 months provided fitting and operating instructions are observed
