**Product code :** 308 041

## AIRING AND VENTING VALVE- BLUE FOR ADBLUE® G2" male-PA 6

**Date :** 03/2026

**Page :** 1/1

**Version :** Original

### Designation

Airing and venting valve-blue for AdBlue® G2" male-PA 6

### Application

- Valve to aerate and de-aerate tanks, IBCs etc.
- Screwed into G 2"-thread of container
- Sealed by O-ring

### Technical specifications

- Thread: G2" male
- Length of threads: 23 mm
- Wrench size (SW): 66 mm
- Low pressure for opening: -0,1 bar
- High pressure for opening: +0,15 bar
- Housing material: Polyamide (PA 6)
- Seal material: FKM (Viton)
- Outside diameter: 65 mm
- Total height: 63,5 mm
- Weight: 0,10 kg

### Packaging

- Packing unit: 1,0

	Weight Kg	Part no.
Airing and venting valve-blue for AdBlue® G2" male-PA 6	0,10	308 041

### Warranty

12 months provided fitting and operating instructions are observed.
